THE ENGLISH FOR WAR

Demonstration at London Shows the Sentiment of People.

GREAT ENTHUSIASM.

A Proposed Pro-Boer Anti-War Meeting Captured by the Opposition and Turned Into One in Support of Government.

London, Sept. 25.—The attempt to hold a pro-Boer, antiwar demonstration in Trafalgar square, London, Sunday afternoon, resulted in a drastic failure. Thousands assembled, but not to support the speakers. On the contrary the crowd waved union jacks and sang the national anthem and "Rule Britannia" like mighty invocations.

The speakers, who were quite inaudible, were received with groans, decayed apples, eggs and other missiles. There were cheers for Mr. Chamberlain, secretary of state for colonies, and hisses for President Kruger. Some soldiers who were present were carried shoulder high by the crowd.

There were several ugly rushes for the platforms, which were surrounded by opponents of the demonstrations, who yelled furiously.

Finally the mounted police were telephoned for to clear the square. Batons were freely used, several persons were trodden upon by the horses and 39 arrests were made.

The opponents of the meeting finally proposed resolutions in support of the government's policy, which were carried amid wild enthusiasm.

The promoters of the demonstration held a meeting in private and after a long discussion carried the following resolutions:

"In consequence of the organized interruption of the anti-war demonstration in Trafalgar square, fomented by a section of the yellow and stock jobbing press, this committee resolved to hold a public meeting in one of the large metropolitan halls at an early date."

The list of speakers included some of special influence, most of them being labor leaders or socialists. The members of the peace associations had no opportunity to address the crowd.

Only Awaiting News.

London, Sept. 25.—Another week has opened with The Transvaal situation on marking time. No news has yet been received of the delivery at Pretoria of the last British dispatch. The next big batch of news will be the decision arrived at by the raad of the Orange Free State, whose secret deliberations are expected to close tomorrow, and the outcome will be a great surprise if the raad does not decide to link arms with the Transvaal.

Neither the jingos, nor the antiwar party are very proud of Sunday's affair on Trafalgar square, which proved nothing in their favor.

A telegram received from Calcutta announces the departure of the transport Scidhana for South Africa and also that a transport for the Cape leaves India.

Rhodes' Gift Going Back.

Pretoria, Sept. 25.—The Transvaal government has decided to return to the donor the fine young lion, which Cecil Rhodes recently presented to The Transvaal delegates to the agricultural union in Cape Town about 10 days ago, as it declines to have anything whatever to do with that gentleman.

Refugees at Cape Town.

Cape Town, Sept. 25.—A great number of Johannesburg refugees are arriving here daily. A relief committee is paying every attention to those in need of assistance.

Strange Way to Suicide.

Dorchester, Neb., Sept. 25.—Winding willow withies about her neck until she strangled herself, Mrs. Steinheider ended her life at her home, two miles east of this town. Ill health was the cause of her suicide. Mr. Steinheider had gone to town and during his absence the woman went to a cluster of willow saplings which fringed a pond about 200 yards from the house and wound the supple boughs around her neck. Then throwing her weight backward she leaned until she choked to death. A neighbor found her dead with her hands still clutching the ends of the boughs which she employed to commit suicide.

Highway Robbery Charged.

Denton, Tex., Sept. 25.—Cas White and John Bradshaw were arrested here on warrants charging them with highway robbery alleged to have been committed upon Penn Faulkner, a young farmer, who says he was relieved of about \$50. Both were put in jail. The robbery is alleged to have been committed near the depot while Faulkner was asleep.

Another Regiment Departs.

Harrisburg, Sept. 25.—The Forty-eighth regiment has left Camp Meade for service in the Philippines. Work of

recruiting the Forty-first and Forty-seventh regiments at Camp Meade for service in the Philippines, is going steadily on.

Warships Arriving at New York.

New York, Sept. 25.—The following United States vessels have arrived here. The dispatch boat Dolphin, revenue cutters Onondaga and William Windom and revenue practice ship Salmon P. Chase. These vessels will take part in the Dewey naval parade on Friday.

NO LONGER MISS GRANT.

Brigadier General Grant's Daughter Married to Prince Cantacuzene.

Newport, R. I., Sept. 25.—In accordance with the rights of the Russian orthodox church, Miss Julia Dent Grant, daughter of Brigadier General and Mrs. Frederick Grant, and granddaughter of General U. S. Grant, and Prince Cantacuzene, Count Speransky of Russia, were married Sunday night. Simple

and impressive ceremonies were conducted by Father Holovitzky, of the Russian church of New York, in the parlor at Beau Lieu, the summer residence of Mr. and Mrs. Potter Palmer.

The American statutes are yet to be conformed to before the distinguished couple will go forth into the world as husband and wife, and it is that ceremony in All Saint's Episcopal church today noon to which the summer colony here, as well as numerous friends, diplomatic, military and civil, are looking forward with eager expectancy.

Besides the immediate family there were present Mrs. U. S. Grant, grand-

mother of the bride; H. H. Honore, Edwin C. Honore, Mr. and Mrs. Harry Honore, Mrs. Sartoris, wife of Captain Sartoris; Major General Wesley Merritt and Major Nott of his staff; Adjutant General Corbin, Colonel and Mrs. Hein and Bishop Potter. The picturesque ritual, interspersed with frequent music by a local quartet, was lengthy. The services closed with the singing of the Russian national hymn, after which the couple received congratulations while the orchestra discoursed music. The ceremony consumed an hour and it was nearly midnight before the guests departed.

Second Ceremony Takes Place.

Newport, R. I., Sept. 25.—The Episcopal marriage service, supplementing that of the Russian orthodox church, which was observed Sunday which made Prince Cantacuzene, count of Speransky of Russia, and Julia Dent Grant, husband and wife, was celebrated at All Saints' here at noon today. The assembly of invited guests was notable for social and military distinction made by the ceremony of one of the most brilliant ever witnessed at Newport. The family from the social connections of the bride gave the wedding a military as well as a diplomatic character and the little church in which the ceremony took place was bright with blue and gold. A reception followed the wedding ceremony at the Palmer residence and late in the afternoon the prince and princess left for New York and from there will go to St. Petersburg.

Riot at Ferrol.

Ferrol, Spain, Sept. 26.—Serious disturbances took place here Saturday. A mob of 600 stoned the Catholic club and town hall, smashing windows in both buildings. The municipal guards charged the rioters, but were repulsed, eleven guards being injured as well as many civilians. Finally a squad of mounted gendarmes dispersed the rioters. The

Child Scalded to Death.

Dallas, Sept. 25.—The 2-year-old child of T. W. Neal was scalded to death Saturday evening. The child climbed into a chair by a table, and falling from the chair upset a teakettle of boiling water upon itself. It was frightfully scalded and died within two hours.

Found Dead in Bed.

Gainesville, Tex., Sept. 25.—Mrs. Caroline Smith, wife of J. P. Smith, was found dead in her bed here. Heart failure is ascribed as the cause of her sudden demise.

Probably Fatally Shot.

Ardmore, I. T., Sept. 25.—F. Warren, a farmer at Woodford, was probably fatally shot. An arrest will be made.

TUESDAY SEPT. 26, 1899.

The Agricultural and Mechanical College this year will be able to point to a popular appreciation of that institution that is as creditable to the people as the parsimony of the past legislatures toward this school has been discreditable to the State. Let us hope that additional accommodations and equipment will be supplied as soon as possible.—Houston Post.

Hon. D. C. Giddings Jr. of Brenham, chairman of the Brazos River Navigation convention, has issued a call for the meeting of the convention at Brenham Thursday, Oct. 26, 1899. The Brenham Banner says: "In order that a fair representation may be had it is desirable that delegates be sent from every county along the route that feels interested in the success of the movement. Let's have a full convention. The importance of the movement demands it." The Bryan delegates, appointed some time ago to attend the convention, will take notice of the change of date.

True Courtesy.

General Lee was in the cars going to Richmond one day, and was seated in the end farthest from the door. The other seats were filled with officers and soldiers. An old woman, poorly dressed, entered at one of the stations, and finding no seat, and having none offered her approached the end where the general was seated. He immediately arose and gave her his seat. Instantly there was a general rising, each one offering his seat to the general. But he calmly said: "No gentlemen; if there is not a seat for the infirm old woman, there can be none for me."

The effect was remarkable. One after another got out of the car. The seats seemed to hot for them, and the general and the old lady soon had the car to themselves.—Selected.

JOE B. REED

Appointed Grand Recorder of the A. O. U. W.

Yesterday morning the Eagle received the following from Mr. Joe B. Reed, who was in attendance on the state grand lodge meeting of the A. O. U. W. at Dallas: "Have been appointed grand recorder Ancient Order of United Workmen. Office will be removed to Bryan".

Mr. Reed has been appointed to succeed Grand Recorder Cole, lately deceased, and in his selection the grand lodge has paid a tribute to an indefatigable and deserving member and secured the services of an efficient, zealous and thoroughly competent officer.

The Eagle congratulates Mr. Reed on the recognition his services have received, and we feel sure we are voicing the sentiment of the people of Bryan who universally recognize his invaluable services here for years in lodge work.

To Purify the Thames.

The purity crusade against the pollution of the Thames has been a great success, and I hear that everything is ready for the accommodation of trout and salmon—most sensitive of fishes—above the London bridge. The only question is whether the salmon can be induced to hold his nose as he passes Barking. If so we can coax him to Chertsey and drop him a "line to come and dine with us." Ocular evidence of this glorious possibility was afforded the other day in the county council tearoom, when a dish of smelt, caught at Westminster was exhibited. I am looking forward to the day when I shall mount my bicycle, shoulder my rod, ride down to the embankment, and catch my breakfast.—West End.

Homemade Syrup.

Port Lavaca, Tex., Sept. 25.—A large quantity of sorghum cane syrup is being made here this year by the farmers. It is made for home use and not the market, but there will be a surplus to be sold.

Canal Legislation Outlook.

Washington, Sept. 25.—Senator Harris, member of the senate canal committee, fears the transcontinental railroads will prevent canal legislation.

Tin Plate Plant Burned.

Evansville, Ind., Sept. 25.—The plant of the American Tin Plate company at Atlanta, Ind., was almost totally destroyed by fire. Loss \$150,000.

TEXAS STATE FAIR.

Grand Opening Day and a Week of Extraordinary Entertainment to Follow.

Dallas, Sept. 25.—Dallas is putting on her holiday attire for the reception of the Kaliph of Bagdad and the opening of the Texas State Fair. The Kaliph will be welcomed to the city on Wednesday afternoon and on Thursday morning the gates of the fair will be thrown open to the public.

Already the special illuminations are about completed and many of the business houses are engaged in decorating their places for the greatest fair the people of Texas have ever dreamed of.

For one whole week there will be special attractions. Thursday will be opening day of the fair at which Gov. Sayers will make the principal speech. Thursday night will be the parade of the Kaliphs, at which 19 floats will be in the procession. These will be equal to those used at Mardi Gras at New Orleans, and at the Veiled Prophets at St. Louis.

Friday there will be special features, beginning at 9 a. m., with a concert of Conterno's band and the specialties with them. The races on that day will be equal to any day of the fair.

Saturday, will be Press Day. In the auditorium at 10 p. m. the newspaper fraternity will be banquetted.

Sunday there will be sacred concerts and the rabbit races.

Monday is the beginning of the Democratic carnival. Addresses will be delivered by persons well known throughout the universe. Monday night will be the great torchlight procession of the laboring people in honor of Mr. Bryan, who will address the working people.

Tuesday will be one of the biggest days of the fair. W. J. Bryan will be the orator in the forenoon and in the afternoon other distinguished persons will make addresses. The great dollar dinner will take place at night.

Wednesday is Confederate day and a special programme has been arranged at which old veterans, both Confederate and Federal soldiers, will take part.

The grounds are in excellent shape, green foliage lines the various walks and the lawns are in perfect shape. Many of the buildings have been renovated and a new convention hall has been erected.

The racing will excell anything ever seen upon the track, both in harness and running races.

Low rates on all railroads have been arranged for the entire time of the fair.

DEWEY'S SHIPS CRIPPLED.

Most of Them Will Have to Be Overhauled, Which Will Require Time.

Washington, Sept. 25.—It is already apparent to naval experts that the government will have to spend several million dollars in refitting for active service the vessels which comprised Admiral Dewey's fleet when it destroyed Spain's naval power in the far east. Secretary Long has approved the making of repairs to the cruiser Raleigh, which will cost approximately \$500,000. The report of the board of survey which inspected the cruiser Boston, lately returned to the United States and now out of commission at Mare Island, shows that another \$500,000 will have to be spent upon that vessel in order to put her in condition for recommission.

Reports received at the department regarding the condition of the Olympia shows that she will have to be laid up for some time and naval experts estimate that before she is again in service she will have cost the government not less than \$500,000 to repair.

There are still three vessels still on the Asiatic station which were under Admiral Dewey's command when he fought the battle of Manila bay—the Baltimore and the gunboats Concord and Petrel. The Baltimore was only placed in commission during the winter of 1898 and will probably not come home until 1901.

The Concord and the Petrel are needed for service in blockading the island of Luzon. They were both thoroughly overhauled in 1896 and upon completion were sent to the Asiatic station. Their cruise in the far east will conclude next year, provided the situation in the Philippines is such as to permit their return home, though by that time it may be decided to refit them in the east and keep them permanently on the Asiatic station.

The repairs to the Boston will be thorough, and when completed she will be a modern ship. The repairs contemplated will cause her reconstruction, as in the case of her sister ship, the Atlanta. She will be equipped with water tube boilers and be supplied with a new battery of the latest 8-inch and 6-inch guns. It is understood that before final action is taken in the matter of the Boston's repairs Rear Admiral Hichborn will bring the report of the board of survey to the attention of the board of construction. The board of survey estimates that a year's time will be necessary to reconstruct the Boston, but it is the belief of the department officials that two years' time will have elapsed before she is again ready for service. When the Olympia arrives in port a board of survey will be appointed and its report considered by the department.

Verdict for Plaintiff.

Abilene, Tex., Sept. 25.—In the case of Isaac Hudson vs. the Phoenix Assurance company of London, the jury returned a verdict of \$5050 in favor of the plaintiff. This is for insurance on the cottogin belonging to Hudson that was burned last November, and is \$100 less than the amount named in policy.

A Soap Talk!

DO YOU KNOW how to judge a pure soap? A soap to be just right must leave the skin as before using, and to do this it must be neutral—no excess of alkali. We have made soaps, especially toilet and medicinal, a study, so you take no risk in buying them of me—no higher than elsewhere. We have just received a new stock of delightful soaps, including Crushed Roses, Crushed Lillies, Crushed Lilacs, Crushed Violets and the well-known La Tosca. These goods are the very best, and cannot help please the most fastidious. Come to see me when you need SOAP.

We do not try to impress the public how cheap we can prepare a prescription; rather how well, how true, how accurate. Our prices please too. Bring them to me and the results will bring you back again.

GUNBOAT CAPTURED.

The Urdaneta Taken in by the Filipinos on River Orini.

THE CREW CAPTURED

She Was Beached, Riddled With Bullets and Burned—Several Guns Were Taken off by the Insurgents. Only a Small Craft.

Manila, Sept. 25.—The insurgents captured the United States gunboat Urdaneta in the Orini river on the northwest side of Manila bay where she was patrolling. One officer and nine of her crew are missing.

The United States gunboat Petrel was sent to investigate the matter and returned and reported that the Urdaneta was beached opposite the town of Grini, on the Orini river. She was riddled with bullets and burned and the following guns with ammunition were captured: One 1-pounder, one Colt automatic gun and one Nordenfeldt 25-millimetre gun. The crew of the Urdaneta are prisoners or have been killed. Further details are lacking.

DESTROYED THE CANNON.

Marines Land and Blow up an Insurgents Gun at Subig Bay.

Manila, Sept. 25.—The United States cruiser Charleston, the monitor Monterey and the gunboats Concord and Zafiro with marines and bluejackets from the cruiser Baltimore, left Cavite Sept. 18, proceeded to Subig bay to destroy an insurgent cannon there.

Owing to the bad weather the operation was postponed until Saturday when the warships for three hours bombarded the town of Olanguapo and the entrenchments where the gun was situated.

Men from the Charleston, Concord and Zafiro were then landed under a heavy insurgent fire, proceeding to the cannon, which was utterly destroyed by gun cotton and then returned to the war ships.

The Americans had one man wounded during the engagement.

PLACED BY SPANIARDS.

The Gun Was to Command Subig Bay, but Had to Be Abandoned.

Washington, Sept. 25.—The 16-centimeter Krupp gun destroyed in the insurgent trenches in Subig bay is one that was sent there by the Spanish before the battle of Manila bay. A short time before the beginning of the war Spain began the fortification of Subig bay with the intention of making it a military and naval stronghold. Admiral Dewey, indeed, thought he might find the Spanish fleet there instead of Manila, and as a matter of fact the Spanish admiral had gone to Subig bay on April 27, but finding that the mounting of the guns in the shore batteries had been delayed he returned to Manila.

The insurgents took possession of the Spanish posts in the bay in July of last year, being assisted by the Raleigh and Concord, which were sent in by Admiral Dewey to prevent interference by the German cruiser Irene, whose captain had prevented Aguinaldo's forces from taking Isla Grande, at the entrance to the bay. The 16-centimeter gun corresponds very nearly with the six inch gun used in the American navy. Its caliber in inches is 6.3. It weighs 54 tons and fires a projectile weighing 99 pounds with a powder charge of 19 pounds.

Subig bay is the most important port in the island of Luzon, in the neighborhood of Manila. It is a short distance north of Manila bay and its advantages as a naval base are regarded as being superior to Cavite, in Manila bay, the harbor safer and easier to defend. It is expected that it will be held permanently by the navy, so as to afford a base of operations against the insurgents in that neighborhood.

The character of the country back of Subig bay and the continuance of the rainy season made it impossible for Gen. Otis to cooperate with the warships from the land side.

Only a Small Boat.

Washington, Sept. 25.—The gunboat Urdaneta which was captured with its crew at Orini, about 25 miles from Manila on the bay of Manila, is a little craft only of 40 tons displacement, not much larger than a small tug. She was captured by the navy early in the war, and has been on police duty in the bay for months past. According to the last reports to the department the little boat in May was under the command of Naval Cadet Welborn C. Wood, but the personnel of the crew is not on record.

Two Messages From Otis.

Washington, Sept. 25.—Two important dispatches from General Otis at Manila, have been made public by the war department. The first indicates that the insurgents on the island of Negros have about recognized the authority of the United States. An election in Negros is to be held on Oct. 2. The dispatch is as follows:

"Hughes at Iloilo, reports that Lopez and 64 armed men surrendered to Byrne at Castellane, Negros. An election on that island will be held Oct. 2. Sought a conference with the chief of the insurgents at Panay, who wished to know what promise would be given them in case of a formal submission. He was told that no arrangements were possible

until he surrendered and the force disbanded."

The second dispatch says the American flag will be raised on Sulu islands. The chief of the insurgents in Zamboanga reported his willingness to accept authority, but he desired to know the conditions, to which General Otis would not accept. The second dispatch is as follows:

"Bates returned from Jolo on Sept. 21, having placed garrisons at Siassi and Bungan in the Tawi Tawi group, one company at each place. Affairs in the archipelago are satisfactory. Bates saw the chief of the insurgents at Zamboanga and says he is still anxious to receive the United States garrison on the condition of withdrawal should Aguinaldo succeed in Luzon. The proposition was not entertained. Zamboanga is having more trouble with the Damos in the vicinity, who have raised the United States flag. Am ready to give six month's notice in order to establish in the archipelago customs regulations under the protocol between Spain, Germany and Great Britain of 1885."

Soldiers from Manila.

San Francisco, Sept. 25.—Transport City of Paris arrived here from Manila with members of the Twenty-third United States infantry, Twenty-second infantry, Fourteenth infantry, Third artillery, Fourth cavalry and Eighteenth and Nineteenth signal corps, who enlisted under the general order and known as the volunteer regulars. All the returning men were enlisted in California. The transport Valencia with six companies of the First Montana volunteers was docked and the soldiers marched to Presidio. Great crowds of cheering people received the veterans. The Montana regiment will remain in camp at Presidio until mustered out.

FEELING UNEASY.

Foreign Policy of Otis Causing Much Anxiety in Diplomatic Circles.

Washington, Sept. 25.—Considerable anxiety is being displayed in diplomatic circles over what is termed the ill liberal policy pursued by the United States in its treatment of foreigners in the Philippines. Although it has been specifically stated by the secretary of war that the statutes of the United States cannot be applied to the Philippines without action by congress, it is nevertheless a fact that the immigration laws of this country have been extended to the archipelago, as shown by the action of General Otis in excluding Chinese laborers. Also the rigorous immigration regulations in force here are enforced in Manila, and have caused some unofficial inquiries to be put on foot by foreign governments. The custom tariff enforced in the Philippines also has been a source of considerable discussion in diplomatic circles.

Under the administration of Spain, Chinese laborers were made welcome to the Philippines, though they were compelled to pay a tax, not because they were Chinamen, but in order to raise revenue for Spain. This tax was applied to all residents of the island. It had been hoped that in view of the proximity of the Philippines to Asia and the President's favor of the open door in China Mr. McKinley would put aside his high tariff ideas and further the open door for the Philippines. There is reason to believe that the president and his advisers have given very careful attention to the matter of immigration and customs in the Philippines, but no radical action is contemplated at present. When the Philippine commission is assembled the president will call upon it for its views and recommendations in these matters and they will guide him in framing his messages and recommendations to congress.

Kearsage's Trial Trip.

Boston, Sept. 25.—The new battleship left her anchorage here for her trial course off Cape Ann, where she is to have a speed test. Members of the trial board, representatives of Newport News Ship Building and Dry Dock company, builders of the big vessel and several men who had been granted the privilege of going aboard for the trip, went aboard the battleship just before she weighed anchor.

Gold in Georgia.

Thomson, Ga., Sept. 25.—Within the last few months there has been unusual activity in gold mine properties near Thomson. Several important deals have been consummated. The Columbia mines has been purchased by Atlanta capitalists and they are now putting in a complete outfit of machinery. J. H. Bartlett, representing a Michigan corporation, has purchased the Parks mine and Ferguson mining property.

Expelled From the Ministry.

Columbus, O., Sept. 25.—Rev. John M. Life, chaplain of the Seventh Ohio volunteers, was found guilty by the Ohio Methodist conference of conduct unbecoming a minister of the gospel, having made improper proposals to Miss Rose Lee Burch, daughter of the lieutenant colonel of the regiment and expelled from the ministry. An appeal has been taken.

Tug Sinks.

Chicago, Sept. 25.—When the storm struck Sunday night at Heigh, the tug J. G. Dorr, bound from Michigan City to Chicago, was abandoned by the crew who by desperate efforts succeeded in transferring themselves to one of the scows in tow of the tug. The Dorr was filled with water and sank in about eight feet of water.

Farmer Killed Near Thornton.

Thornton, Tex., Sept. 25.—Thomas Dorwin, a prominent farmer, was shot to death here. No arrests as yet, but officers are on the trail. No particulars obtainable.
